RE: Proposed Umma More Renewable Energy Development

Dear Householder,

I hope this letter finds you well.

I am writing today to notify you of the upcoming public information sessions in Ballymore Community Centre and Moyvoughly Community Hall. Much like the information sessions held in July, the intention is to provide anyone interested with information relating to the project. There will be members of the project team along with myself present to answer any queries. See overleaf a copy of the advertisement which will appear in this week's edition of the Westmeath Independent and the Offaly Independent to inform the wider community of these sessions.

Everyone is welcome to attend, however, there is no obligation. All information made available on each day will be the same and will also be uploaded to the project website, www.ummamoreinfo.com. I can prepare an information pack for anyone that may not have access to the website and are not able to attend either of the information sessions.

Thank you for taking the time to read this letter and as always if you have any queries regarding the proposed development, please feel free to contact me by email at ummamoreclo@turnkeydev.com, by phone 086-3979248, or through the 'contact' portal on the project website.

Yours sincerely,

James Crowley

Enerco Energy Ltd.
